Durham Region reports positive signs in this “Hot Summer” market

DURHAM REGION, July 6, 2018 - Durham Region Association of REALTORS® (DRAR) President Dennis Roberts reported 918 residential transactions in June 2018, a 6.87 per cent increase from May 2018 and a 7.92 per cent decrease from the same time last year. June also saw the number of new listings in Durham decrease month-over-month to 1,895, down from 2,247 new listings in May. The average selling price reached \$610,728 in June 2018, a 2.22 per cent increase compared to May 2018.

“After some adjustment to the new Office of The Superintendent of Financial Institutions (OSFI) stress test regulations and generally higher borrowing costs, the increase in sales over the last couple months are a clear indication that home buyers have started to get back into the market,” said Roberts.

“Durham Region continues to offer the best home value in the GTA. According to the MLS® Home Index and Benchmark Price, Durham continues to offer affordable housing options for buyers,” said Roberts. “Durham leads with the most affordable single-family detached, single-family attached, townhouses and apartments. For example, the benchmark price for a single-family detached home in Clarington is \$546,700.”

“With a new provincial government at Queen’s Park and municipal election campaigns underway, Durham REALTORS® are continuing to ensure that home ownership, housing affordability and supply issues are top priorities for elected officials,” said Roberts.

The new Provincial Cabinet has plenty of representation from Durham Region. Peter Bethlenfalvy, the MPP for Pickering-Uxbridge, has been named the President of the Treasury Board. Ajax MPP Rod Phillips is the new Minister of the Environment, Conservation and Parks. Laurie Scott, Haliburton-Kawartha Lakes-Brock MPP, was named Minister of Labour. Former Whitby MPP, now representing Newmarket-Aurora, Christine Elliott has been named the Minister of Health and Long-Term Care and Deputy Premier. Durham MP Lindsey Park was named the Parliamentary Assistant to the Attorney General.

NOTES

Sales, dollar volume, average sale prices and median prices are based on firm transactions into the MLS® System between the first and last day of the month/period being reported. Average price is calculated by dividing the dollar volume by the number of sales. Median represents the middle number in the ranking of homes sold from lowest to highest price. As of July 2011 Durham Region statistics figures include the municipalities of Uxbridge and Brock. Due to changes to service areas, caution should be exercised when making historical comparisons. Past monthly and Year-to-Date figures are revised on a monthly basis. All statistical information obtained from the Toronto Real Estate Board's Market Watch. Mos. Inv. is Months of Inventory (how long in months it would take to completely sell the average number of active listings). Calculated using a 12 month moving average (active listings/sales).
